INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board of Trustees Elgin Community College District Number 509 Elgin, Illinois

We have audited the financial statements of the business-type activities and the aggregate discretely presented component unit of Elgin Community College District 509 (the District), as of and for the year ended June 30, 2015, and the related notes to financial statements, which collectively comprise District's basic financial statements, and have issued our report thereon dated September 25 2015. We conducted our audit in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. The financial statements of Elgin Community College Foundation (the Foundation) were not audited in accordance with *Government Auditing Standards*, and accordingly, this report does not include reporting on internal control over financial reporting or instances of reportable noncompliance associated with the Foundation.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE; AND REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY OMB CIRCULAR A-133

Board of Trustees Elgin Community College District Number 509 Elgin, Illinois

Report on Compliance for Each Major Federal Program

We have audited Elgin Community College District 509's (the District) compliance with the types of compliance requirements described on the (*OMB Circular A-133 Compliance Supplement*) that could have a direct and material effect on each of District's major federal programs for the year ended June 30, 2015. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America: the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Nonprofit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the District's compliance.

Opinion of Each Major Federal Program

In our opinion, Elgin Community College District 509 complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2015.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance, which are required to be reported in accordance with OMB Circular A-133 and which is described in the accompanying schedule of findings and questioned costs as items 2015-001 and 2015-002. Our opinion on each major federal program is not modified with respect to these matters.

The District's response to the noncompliance findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The District's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control Over Compliance

Management of the District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance is a deficiency*, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency or a combination of deficiencies, in internal control over compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Purpose of this Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by OMB Circular A-133

We have audited the financial statements of the business-type activities and the discretely presented component unit of the District as of and for the year ended June 30, 2015, and the related notes to financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated September 25, 2015, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

NOTES TO SCHEDULE OF FEDERAL AWARDS

June 30, 2015

Note A - Significant Accounting Policies

The accompanying schedule of expenditures of federal awards has been prepared in accordance with accounting principles generally accepted in the United States of America as promulgated by the Governmental Accounting Standards Board (GASB). It is a summary of the activity of the District's federal awards program prepared on the accrual basis of accounting. Accordingly, expenditures are recognized when the liability has been incurred and revenues are recognized when the qualifying expenditure has been incurred.

Note B - Federal Direct Loan Program

For the year ended June 30, 2015, the District acted as a pass-through agency for Federal Stafford Loans (subsidized and unsubsidized) to students in the amount of \$3,685,321.

Note C - Other Information

The District did not receive any federal insurance or federal noncash assistance and did not provide any amounts to sub-recipients.

2015-001: Support for Federal Work Study Wages - Student Financial Aid Cluster -CFDA#s 84.007, 84.033, 84.063, 84.268 - Grant Period - Year Ended June 30, 2015

Criteria: According to 34 CFR 675.19, the institution must establish and maintain program and fiscal records that include a certification by the student's supervisor that each student has worked and earned the amount paid. The certification must include or be supported by, for students paid on an hourly basis, a time record showing the hours each student worked in clock time sequence, or the total hours worked per day.

Condition/ Context: During our testing of the Federal Work Study Program we noted one student out of the twenty-five students tested did not have the proper support for twenty-eight hours of worked over two pay periods. The missing support related to the lack of a supervisor's approval of the hours worked by the student. Total questioned costs in this Single Audit finding amounted to \$245. We consider this finding to be an instance of noncompliance with relation to the Allowable Costs Compliance Requirement. This Single Audit finding is a repeat finding and is also reported in Section IV - Prior Year Audit Findings as Single Audit Finding 2014-001.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS (Continued)

Section III - Federal Award Findings and Questioned Costs (Continued)

2015-001: Support for Federal Work Study Wages - Student Financial Aid Cluster -CFDA#s 84.007, 84.033, 84.063, 84.268 - Grant Period - Year Ended June 30, 2015 (Continued)

Effect: The District did not have proper approval for twenty-eight hours worked by a student under the Federal Work Study Program which is reported as an instance of noncompliance and results in \$231 of questioned costs for the undocumented hours.

Cause: The District's internal controls did not identify the fact that hours worked by this student were not approved by a supervisor.

Recommendation: We recommend the District improve their payroll review process to ensure that all hours worked by Federal Work Study students are approved by a supervisor before students are paid for each payroll period.

Corrective Action Plan: No later than November 15, 2015, a report of unapproved timesheets will be distributed electronically to senior level administrators to review and use in follow up with their supervisors and managers to insure all timesheets have been approved in a timely manner.

2015-002: Enrollment Reporting - Student Financial Aid Cluster - CFDA#s 84.007, 84.033, 84.063, 84.268 - Grant Period - Year Ended June 30, 2015

Criteria: According to 34 CFR 685.309 (b), schools must update enrollment data for students and report to the Secretary in a manner of prescribed format within the required timeframe of sixty days after a student has graduated, ceased attendance or enrolled less than half-time.

Condition/Context: During our testing of the enrollment reporting to the National Student Loan Data System (NSLDS), we noted that one of the twenty graduated students in our sample were not reported with the required sixty days. We consider this Single Audit Finding to be an instance of noncompliance relating to the Reporting Compliance Requirement.

Effect: The District did not report a graduated student to the NSLDS within the sixty day requirement.

Cause: The District's internal controls did not identify the fact that a graduate student was not reported to NSLDS within the required sixty day requirement.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS (Continued)

Section III - Federal Award Findings and Questioned Costs

2015-002: Enrollment Reporting - Student Financial Aid Cluster - CFDA#s 84.007, 84.033, 84.063, 84.268 - Grant Period - Year Ended June 30, 2015 (Continued)

Recommendation: We recommend the District work with the department responsible for submission of graduated students to the NSLDS to assume compliance within their reporting guidelines.

Corrective Action Plan: The College reports to NSLDS based upon the graduation date recorded within the student's record and export run dates within Colleague. Personnel within the Financial Aid, Institutional Research, and Registrar offices will work together in the next year to discuss any current practices that prohibit accurate reporting to NSLDS and implement appropriate resolutions.
